

General Organization for Export and Import Control (GOEIC) Scheme for Egypt

Activate your business with our smooth and reliable Col Services

To minimize risk associated with substandard and hazardous products, the General Organization for Export and Import Control (GOEIC) has implemented a 'Verification of Conformity' (VOC) program for Egypt. Exporters of regulated products are to provide a proof of company registration with GOEIC and of shipment conformity with VoC-regulations before their goods may enter Egypt.

TÜV Rheinland is an inspection body accredited for the Egyptian GOEIC Scheme and authorized to issue the required 'Certificates of Inspection (Col)'. With our support, you can ensure your products conform to the GOEIC regulations and be assured of a smooth customs clearance process.
